## MULTI-HOUSING Coin-Operated Washers & Dryers

SWT210	1-Speed Topload Washer
SWT220/SWT221	2-Speed Topload Washer
SDE107/SDG109	Single Load Dryer
SSE107/SSC109	Stack Dryer - Solid Door
SSE117/SSC119	Stack Dryer - See-Through Door

# Speed Queen®

OUR STRENGTH COMES FROM WITHIN

# LET SPEED QUEEN LEAD THE WAY...

HEAVY-DUTY COMM

As America's largest commercial laundry equipment manufacturer, Speed Queen stands for quality, convenience, and efficiency. We've combined innovative technology with proven commercial quality to provide multi-housing laundries with state-of-the-art, cost effective laundry units that will meet your laundry needs well into the 21st century. Since 1908 we have been committed to our tradition of quality products backed by superior customer service.

## Coin-Operated Line

*Today, multi-housing owners are continuously confronted with issues such as energy conservation, equipment break-downs and vandalism. That's why when it comes to coin-operated washers and dryers, features such as water and energy efficient designs, quality internal components and high security systems are among the most important factors to consider when equipping a laundry room.*

*Speed Queen's coin washer, single load and stack dryer also increase process speed and lower utility costs, benefiting building management. Residents will have increased flexibility of independent selections of hot, warm and cold wash temperatures and two speed wash and spin actions.*

*Your authorized Speed Queen route operator can design a laundry solution to meet the needs of your property.*

*Residents will appreciate the added convenience while property management benefits from increased productivity.*

## Washing Efficiencies

- Exclusive stainless steel or porcelain washtub with large capacity 2.69 cu. ft.
- Adjustable water level settings to manage total water consumption. Regular factory setting - 33.5 gals., energy saver setting - 28.4 gals. 37% more efficient than in-unit apartment topload washers.
- The wash cycle is designed exclusively for Multi-Housing laundry rooms with extended wash/rinse and spin times for superior washing performance.

### Features:

- ~ Extended wash, rinse and extract cycle time
- ~ 2-speed agitation and spin (SWT220, SWT221)
- ~ "True" delicate cycle
- ~ Industry fastest spin - 710 rpms

# Multi-Housing Line

## Coin-Operated Laundry Equipment

### COMMERCIAL WASHER

#### Superior Wash/Rinse Action

- Curved four vane polypropylene agitator with 210° wash stroke, the longest in the industry, produces superb washing results.

#### High Speed Spin-Extract

- A higher extract speed of 710 RPM, spins clothes out drier. In fact, the high spin speed lowers moisture retention by 3.4% over previous models. This means faster drying, increased cycle turns, and satisfied users.

#### Automatic Balance System

- Residents will appreciate the **Automatic Balance System (ABS)** for smooth and quiet operation, even on wood floors. The ABS provides the industry's best out-of-balance handling which minimizes vibration walking.

#### Quality Washer Components

- Durable stainless steel and porcelain enamel washtub.
- Scratch resistant hard-baked porcelain enamel tops and lids.
- Long-lasting galvanized steel cabinet.
- StrongBox Security™ on meter case.
- Dependable, Eversmooth™ transmission.
- Heavy-duty, 1/2 HP, 2-speed motor.
- Start capacitor lowers amperage draw.
- Corrosion-resistant polypropylene pump.
- Pump clips for service convenience.
- Rear self-leveling legs.
- Unit is 100% front serviceable.

### HEAVY-DUTY COMMERCIAL DRYER/STACK DRYER

#### Superior Convenience

- A wide door opening of 2.06 sq. ft. is the industry largest, offering residents easy loading and unloading.
- Door is reversible for installation flexibility, the up-front lint filter is easy to clean and secured.

#### Drying and Energy Dynamics

- Durable galvanized steel cylinder with extra-large 18 lb capacity. The gentle tumble action minimizes wrinkles.
- Quiet efficient blower system with superior airflow of 220 cu. ft. per minute for fast drying and lower operating costs.
- Efficient dryer heating with 25,000 BTU (gas models) and 5,350 watts (electric models).

#### Stack Dryer Features

- See-through door model options.

- A space saver! Two dryers in the space of one, both operating independently.
- 100% serviceable from the front.
- StrongBox Security™ center section module to reduce vandalism.

### Washer

The wash cycle is specially designed for multi-housing with extended wash, rinse, and spin times for more productive washing. Users have the flexibility to choose water temperatures and wash/rinse action for nine cycle combinations to maximize satisfaction.

### Dryer

The dry cycle is efficient and fast with a 45-minute factory pre-set drying time (30 or 60 minute cycle also available). Customers have the flexibility to choose from four heat cycle selections. A convenient push-to-start switch activates cycle and is indicated by an In Use light.

## Activation

Coin Slide

Speed Queen offers many activation options to meet your specific market needs.

Coin slides offer simple, dependable operation.

StrongBox Security™ system on both washers and dryers provides top of the industry security to deter vandalism of tops and metercases.

Durable porcelain enamel tops and lids resist corrosion and scratching, assuring long-lasting appearance.

# Exceptional Choices

MULTI-HOUSING LAUNDRY EQUIPMENT

## ■ PRODUCTS

*Our 90-year reputation for quality products with innovative technology is supported by our position as North America's largest manufacturer of commercial laundry equipment.*

## ■ SYSTEMS

*Our customized systems for coin vending options includes NetMaster™ software with Electronic DISPLAYcontrol™ for computerized programming and data retrieval.*

## ■ SERVICES

*Our route operators are certified by Speed Queen's Customer One Service program, guaranteeing building managers the highest level of service.*
